

RSEV57-TR2/RFID

Terminating Resistor for Constructing an RFID Line Topology

Technical data

Type	RSEV57-TR2/RFID
ID	6636988
Connector A	Male, M12 × 1
Number of pins	4
Contact carriers	TPU, Black
Connector body	TPU, Black
Coupling nut/screw	Stainless Steel, V4A
Mechanical lifespan	> 100 Mating cycles
Pollution degree	3
Protection class	IP67
Network protocol	DeviceNet CANopen
Rated voltage	30 V
Ambient temperature (fixed)	-40...+80 °C

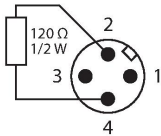

Features

- M12 male connector, 4-pin
- Stainless steel retaining screw
- 120-ohm resistance between pin 2 and pin 4
- RoHS compliant
- Protection class: IP67
